

Manage Your Staff. Simplify Your Operations.

Human Resource Management Built for Skilled Nursing Facilities

Keep staff records, access levels, employee documents, and operational information organized in one connected system.

Staff Directory • Access Management • Employee Documents • Credential Records
• Scheduling Integration

INTRODUCTION

Managing staff across multiple disciplines, floors, and responsibilities requires more than spreadsheets and filing cabinets.

When employee information is scattered across paper files, spreadsheets, and separate systems, it becomes difficult to maintain accurate staff records, control access, manage documents, and quickly find credentials when they are needed.

LTC Apps brings these HR workflows together in one system built specifically around how skilled nursing facilities operate.

One Staff Record. One Source of Truth. Connected Across Your Facility.

Add a staff member once and their information can be used across scheduling, staff communication, and other LTC Apps operational workflows without duplicate data entry.

Built for the Teams Managing Your Workforce

SNF Administrators

Get a searchable view of staff across disciplines and manage access levels and employee records from one place.

Directors of Nursing

Access staff information and credentials while coordinating scheduling and daily nursing operations.

HR & Office Managers

Manage onboarding information, employee documents, and staff records without relying on disconnected filing systems.

POWERING THE DAY-TO-DAY OPERATIONS OF YOUR SNF

From workforce management to resident operations, LTC Apps gives every department purpose-built digital tools.

THE RESULT?

One staff record.

Connected workflows.

Better operational visibility.

Less administrative work.

RESIDENT & REVENUE OPERATIONS

- Admissions & Patient Intake
- Eligibility Verification
- Medical Code Analysis
- Resident Appointments

PEOPLE & STAFFING

- Staff Scheduling
- Human Resource Management
- Staff Broadcasts

FACILITY & SUPPLY OPERATIONS

- Order & Inventory Management
- Hot Rack
- Maintenance
- Visitor Management

03. HUMAN RESOURCE MANAGEMENT

Keep Your Workforce Organized & Compliance-Ready

Centralize employee information and HR-related records so your team can spend less time searching through files and spreadsheets.

Key Features

- Employee records
- Staff information management
- Credential tracking
- Compliance monitoring
- Employment records
- Staff documentation
- Centralized workforce information
- Staff data available across operational workflows

Why It Matters

Your staff information shouldn't live in disconnected spreadsheets and filing cabinets.

LTC Apps positions HR Management around staff credentials, employment records, and compliance tracking.

BUILT FOR SKILLED NURSING. DESIGNED FOR SIMPLICITY.

Purpose-Built for SNFs

LTC Apps is designed around skilled nursing workflows, including SNF-specific disciplines, pay periods, eligibility requirements, admissions processes, and operational needs.

Modular by Design

Choose the workflows that matter most and add additional modules as your facility grows.

One Connected Platform

HR connects naturally with Staff Scheduling, Staff Broadcasts, Admissions, and other LTC Apps modules.

Designed for Small & Mid-Size Facilities

Get purpose-built operational software without having to adopt a massive enterprise platform.

Works Alongside Your Clinical EHR

LTC Apps is an SNF operations platform, not a replacement for a full clinical EHR. It supports the operational workflows that run alongside existing clinical systems.

READY TO SIMPLIFY STAFF MANAGEMENT?

See LTC Apps Human Resource Management in Action.

Your facility shouldn't have to manage staff records across spreadsheets, paper files, and disconnected systems.

LTC Apps brings staff records, access levels, employee documents, scheduling, and staff communication together in one purpose-built platform.

Add a staff member once. Keep their information connected everywhere your facility needs it.
