

Keep Your Entire Team in the Loop.

Staff Communication & Broadcasts Built for Skilled Nursing Facilities

Deliver important announcements and operational updates to the right staff quickly, clearly, and from one centralized platform.

Staff Announcements • Facility Broadcasts • Department Communication • Operational Updates • Centralized Messaging

INTRODUCTION

In a skilled nursing facility, information moves constantly. Schedule changes, facility announcements, operational updates, departmental information, reminders, and important notices all need to reach staff quickly. When communication depends on hallway conversations, paper notices, individual messages, or scattered group chats, it's easy for important information to be missed.

One Central Place to Keep Your Team Informed.

LTC Apps Staff Broadcasts provides a centralized way to communicate facility-wide announcements and operational updates to staff.

Built for the People Managing Admissions

SNF Administrators

Share important facility-wide announcements and operational information with staff.

Department Leaders

Communicate updates to the teams responsible for specific departments and workflows.

Nursing Leadership

Keep staff informed about important operational changes and facility updates.

POWERING THE DAY-TO-DAY OPERATIONS OF YOUR SNF

From staff communication to resident and facility operations, LTC Apps gives every department purpose-built digital tools.

THE RESULT?

Less manual work.

Fewer disconnected communication channels.

Better operational awareness.

A more informed workforce.

08. STAFF BROADCASTS

Get Important Information to the Right People

Improve facility-wide communication with centralized staff messaging.

Key Features

- Facility-wide announcements
- Staff broadcasts
- Centralized communication
- Fast information distribution
- Department communication
- Operational updates
- Reduced reliance on informal communication channels

Why It Matters

One organized scheduling workflow helps your team keep everyone aligned.

LTC Apps includes Resident Appointments as a core operational module for SNFs.

BUILT FOR SKILLED NURSING. DESIGNED FOR SIMPLICITY.

Purpose-Built for SNFs

LTC Apps is designed around the operational realities of skilled nursing facilities including staffing, resident operations, communication, admissions, supplies, and facility management.

Modular by Design

Add Staff Broadcasts alongside the other LTC Apps modules that support your facility's workflows.

One Connected Platform

Staff Broadcasts sits alongside HR, Staff Scheduling, Admissions, Maintenance, Orders, and other LTC Apps workflows.

Designed for Small & Mid-Size Facilities

Get purpose-built operational software without having to adopt a massive enterprise platform.

Works Alongside Your Clinical EHR

LTC Apps is positioned as an SNF operations platform, not a replacement for a full clinical EHR. It can support the operational workflows that run alongside your existing clinical systems.

READY TO KEEP YOUR ENTIRE TEAM INFORMED?

See LTC Apps Staff Broadcasts in Action.

Important operational information shouldn't depend on who happened to hear it in the hallway or which group chat received the message.

LTC Apps Staff Broadcasts gives your facility a centralized way to distribute announcements and operational updates helping keep your team informed and connected.
