Digital Visitor Management Built for Skilled Nursing
Facilities

Replace paper visitor logs with a centralized workflow for visitor sign-in, tracking, badges, and facility entry records.

Digital Sign-In • Visitor Tracking • Badge Printing • Entry Monitoring • Visitor History

INTRODUCTION

Visitors are an important part of life in a skilled nursing facility from family members and caregivers to vendors and other guests.

But managing visitor activity through paper sign-in sheets can make it difficult to know who entered the facility, when they arrived, who they are visiting, and whether their visit has ended.

Replace Paper Visitor Logs With a Digital Workflow.

LTC Apps Visitor Management provides a centralized way to capture visitor information, track visits, print badges, monitor entry, and maintain visitor history.

Built for the Teams Managing Facility Access

SNF Administrators

Improve visibility into visitor activity and maintain organized visitor records.

Front Desk & Reception Teams

Simplify visitor sign-in and keep visitor information organized.

Facility Teams

Know who entered the facility, when they arrived, and why they are there.

POWERING THE DAY-TO-DAY OPERATIONS OF YOUR SNF

From visitor management to resident and facility operations, LTC Apps gives every department purpose-built digital tools.

THE RESULT?

Fewer paper-based processes.

Better visitor visibility.

More organized facility entry.

Improved operational security.

Why It Matters

Know who entered your facility, when they arrived, and why they are there.

LTC Apps describes Visitor Management as a HIPAA-conscious visitor sign-in and tracking workflow, including badge printing and visitor records.

BUILT FOR SKILLED NURSING. DESIGNED FOR SIMPLICITY.

Purpose-Built for SNFs

LTC Apps is designed around the operational realities of skilled nursing facilities — including visitor management, admissions, staffing, resident operations, supplies, communication, and facility maintenance.

Modular by Design

Use Visitor Management alongside the other LTC Apps modules that support your facility's specific workflows.

One Connected Platform

Keep visitor information and facility operations organized in one system.

Designed for Small & Mid-Size Facilities

Get purpose-built operational software without having to adopt a massive enterprise platform.

Works Alongside Your Clinical EHR

LTC Apps is an SNF operations platform, not a replacement for a full clinical EHR. It supports operational workflows that run alongside your existing clinical systems.

READY TO MODERNIZE VISITOR MANAGEMENT?

See LTC Apps Visitor Management in Action.

Your facility shouldn't have to rely on paper visitor logs to know who entered, when they arrived, or why they are there.

LTC Apps gives your team a digital workflow for visitor sign-in, tracking, information records, badge printing, entry monitoring, and visitor history.
